

**Progression:** A series of chords used that fit the melody. Chords and progressions are based on major and minor scales... Do, Re, Mi, etc.

For example: A song in the Key of G is based on the major G scale. It's notes are:

We can Sing them with our solfege scale.

In progressions, we usually use Roman numbers.

Most popular music uses I, IV, V and vi chords in a progression.

Lower case roman numerals mean the chord is minor. (Em in this case)
